

MARK HARDY
MD, MSc, FRCSC

From his native England, Westminster Medical School graduate, Dr. Hardy, came to Canada in 1979 and trained in General Surgery at the University of Ottawa. He did his surgical oncology fellowship at M.D.

Anderson Hospital in Houston, Texas before returning as a staff to the University of Ottawa in 1988. In 1993, Dr. Hardy completed his master's degree at Harvard School of Public Health. Since 2007, he has gone to East Africa and Central America twice a year with a number of different NGOs. In 2009, he took CNIS' ESS course and began teaching ESS in Africa with Dr. Lett that same year. In 2010, Dr. Hardy took the Structured Hernia Repair course and has since taught it in Uganda.

RONALD LETT
MD, MSc, FRCSC, FCS (ECSA)

CEO of the Canadian Network for International Surgery (CNIS), Dr. Lett, did his undergraduate medical training and post graduate surgical training at the University of Alberta. He completed his Masters in Injury

Epidemiology at McGill. In 1996, he co-founded the Injury Control Centre – Uganda (ICC-U), the first lead agency for injury control in sub-Saharan Africa and the Injury Prevention Initiative for Africa (1997), a 10-country network. In 2000, he participated in the establishment of the African Canadian Committee for Essential Surgical Skills (ACCESS). Currently, he is President and International Director of CNIS.

OUR WORK

Since 1995, the CNIS has worked towards improving surgical care in low-resource communities, particularly in Africa. Its four program areas include:

1. Structured Surgical Training Courses
2. Injury Prevention Programs
3. Information Transfer Strategies
4. Public Engagement Events in Canada

OUR VISION

To work to empower low-income countries to create an environment where the risk for injuries is minimal and where all people receive adequate surgical care.

13% OF AFRICANS DIE AN INJURY RELATED DEATH
1 IN 13 AFRICAN WOMEN DIE A MATERNAL DEATH

HELP CNIS END UNLUCKY

Structured HERNIA REPAIR INSTRUCTOR'S COURSE

DATE:

SUNDAY, APRIL 7, 2019
8:00am - 5:15pm

INSTRUCTORS:

Dr. Mark Hardy & Dr. Ronald Lett

LOCATION:

Parker Reception Room, IWK Health Centre
5890 University Avenue
Halifax, Nova Scotia B3H 1V7

This workshop is a pre-requisite for surgeons to become a certified CNIS instructor.

STRUCTURED HERNIA REPAIR INSTRUCTOR'S COURSE

The Structured Hernia Repair Instructor's Course presents didactic material, including lectures and interactive teaching sessions, to surgeons who wish to become certified teachers of this course. Participants in the instructor's course will learn how this structured program assures their learners will receive a consistent educational experience.

The learner's course progresses from interactive lectures to surgical simulation, and then continues to clinical instruction with patients. The instructor's course guides the surgeon to learn and practice the lectures, exercises and hands-on-simulations that each learner will use when taking this course. At the end of the workshop, the surgeon will have learned the training skills required to instruct general physicians to successfully perform uncommon procedures.

COURSE OBJECTIVE: "To teach surgeons how to train general physicians in the diagnoses triage and the surgical management of inguinal hernias safely."

COURSE SCHEDULE (8 Credit Hours)

8:00	Registration & Introductions
8:30	Structured Surgical Skills
8:45	Hernia Course Pilot: <i>East & Central African Journal of Surgery</i>
9:00	Implementing the Course: <i>Budget, patient recruitment, facilities, materials, logistics and feeding</i>
